Bailout American Students!

Banks get bailout money for free. We should not charge students a fee.
Stop loans and defaults that undermine our future.

Yes! I support the Rainbow PUSH Education Stimulus Plan that calls on Congress to:

- Reduce the interest rate on all student loans to 1%.
- Extend the grace period before loan repayment begins from 6 to 18 months
- Stop penalizing schools for student loan defaults.
- Increase Pell Grants to cover the average yearly cost of a public 4 year institution.
